800/1060)

MAJOLICA SERIES

A wall mount sidewash basin with a simple design. Showcasing made-in-Japan quality and well-planned dimensions, it remains an extremely popular choice.

MAJOLICA PORTO

A sidewash basin with a new level of comfort. The solid and soft gel cushion supports the customer's neck comfortably. A thinner basin makes inner dimensions of the basin larger and deeper which enables more effective shampoo work.
